

Northeast Region

Quarterly Report – July/August/September 2022

Sarah Miller, Director

Emily Jane Murray, Public Archaeology Coordinator

Robbie Boggs, Office Manager

Outreach: Summer Library Programs

In July, the Northeast Regional Center provided summer programming to almost 250 kids and adults through 11 library and summer camp events across the region. Staff were aided by Flagler Alumni and Outreach Assistants Jillyan Corrales, Summer Brown, and Lili Schultz. Programs focused on underwater archaeology, exploring the Maple Leaf and other shipwrecks.

Outreach Assistant Jillyan Corrales assists kids in identifying artifacts from the Maple Leaf Shipwreck on a Tarp Activity.

Training Programs: Cosmos CRPT Workshop

The Northeast and East Central Regions held the first in-person Cemetery Resource Protection Training (CRPT) Workshop since the pandemic shut down programming in 2020. Staff

partnered with the Cosmos Historic Preservation Association to host the workshop at the CHURCH, with the afternoon session at Palm Springs Cemetery. The workshop produced 25 new CRPT Alumni, including the Northeast Regional Center’s fall intern, Marnie Aklan.
